

From parent John Hatzimouratis,

My son Dimitri, took part in the team put together by Peter Katholos from Technik Football with boys from various States of Australia to play a series of games in Greece, between 28th September and 13th October, 2007. The scheduled games were to be the youth teams of Olympiakos, Panathinaikos and AEK and one other team to be confirmed on arrival in Greece. We, the parents of Dimitri are extremely happy with not only the programming of the tour but also with the care and supervision provided by Peter Katholos and his assistants. Apart from showcasing the team to three of the best clubs in Greece, they were presented as proud young ambassadors with etiquette and ethics along with good sportsmanship.

I am sure our opinions of Technik Football and Peter Katholos' management of the touring team are echoed by all the other parents.

CONGRATULATIONS again for a highly successful tournament.

Thank you Peter,

Yours Sincerely,

John Hatzimouratis.
